Uraz the Journalist

PRESS ONE-SHEET / STEAM DEMO AVAILABLE

1934. A port city under pressure. When Uraz finds the woman he has been searching for, she is already in handcuffs. She does not ask for help. She only looks at him.

By morning, the city will need a culprit - and a newspaper can decide whose name is exposed, whose story is buried, and who disappears behind the headline.

Uraz the Journalist is a narrative mystery about journalism, obsession, and moral compromise, where every editorial choice leaves a mark on the city; and on Uraz himself.
